(a) an effective amount of at least one copolymer film former selected from tri-block, multi-block, and radial copolymers, and
(b) at least one additional film former, wherein said at least one additional film former is not a block copolymer film former,
with the proviso that said at least one additional film former (b) is not an alkyl cycloalkylacrylate, and
wherein said transfer resistant cosmetic composition comprises at least one radial copolymer film former and at least one tri-block copolymer film former.

B2

67. (New) A transfer resistant cosmetic composition according to claim 49, wherein said transfer resistant cosmetic composition is a water/oil emulsion foundation.

68. (New) A transfer resistant cosmetic composition according to claim 50, wherein said transfer resistant cosmetic composition is a water/oil emulsion foundation.

69. (New) A transfer resistant cosmetic composition according to claim 67, wherein the water phase of said water/oil emulsion further comprises at least one film former.

70. (New) A transfer resistant cosmetic composition according to claim 68, wherein the water phase of said water/oil emulsion further comprises at least one film former.

71. (New) A transfer resistant cosmetic composition according to claim 69, wherein said film former of said water phase is a PVP/VA copolymer film former.

72. (New) A transfer resistant cosmetic composition according to claim 70, wherein said film former of said water phase is a PVP/VA copolymer film former.

73. (New) A transfer resistant cosmetic composition according to claim 49, wherein said transfer resistant cosmetic composition is in the form of a product chosen from eyeliner, mascara, lotion, and lipstick.

74. (New) A transfer resistant cosmetic composition according to claim 50, wherein said transfer resistant cosmetic composition is in the form of a product chosen from eyeliner, mascara, lotion, and lipstick.

75. (New) A transfer resistant composition according to claim 73, wherein said composition further comprises organo-clays.

76. (New) A transfer resistant composition according to claim 74, wherein said composition further comprises organo-clays.

77. (New) A transfer resistant cosmetic composition according to claim 49, wherein said additional film former is an Allyl Stearate/VA copolymer film former.
